## MEM Student Enrollment Agreement

### (a) Terms of Payment

Richmindale College offers an installment plan to schedule fees in monthly payments. The number of days used in the terms of payment is based on the Gregorian calendar.

Students should pay the one-time admission fee of \$100 upon admission application. If students apply for transfer of credits, they should also pay the credit transfer evaluation fee of \$75, in addition to the admission fee, upon admission application.

The total tuition and fees based on the number of credits enrolled in each semester are divided into 3 payments. The first payment is due upon enrollment. The remaining 2 payments are scheduled monthly for 2 months, starting from the month when the semester classes start. The due date of each remaining payment is set on the last working day of each month.

For example, on July 1, Richmond applied for admission and got accepted on the same day. On August 1, he enrolled in three 3-credit classes, a total of 9 credits for the Fall semester. The classes for the Fall semester are scheduled to start on September 8. The total amount of tuition and miscellaneous fees for the 9 credit units enrolled for the semester is \$1,350. The total cost including the admission fee is \$1,450 as shown in the table below.

| Description                       | Qty | Units | Total Units | Unit Fee | Line Total      |
|-----------------------------------|-----|-------|-------------|----------|-----------------|
| Admission Fee, one-time           | 1   | -     | 1           | \$ 100   | \$ 100          |

| <b>Total Fee for the Semester</b> |     |       |             |          | <b>\$ 1,450</b> |

The payment schedule for the above semester fee example is as follows:

| Payment Term per Semester         | Amount          | Due Date per Semester                                |
|-----------------------------------|-----------------|--|
| Admission Fee, one-time           | \$ 100          | <b>Jul 1</b> : Admission application.                |
| Payment 1 of 3                    | \$ 450          | <b>Aug 1</b> : Course enrollment.                    |
| Payment 2 of 3                    | \$ 450          | <b>Sep 30</b> : End of the month when classes start. |

Students must settle all their outstanding balance to be able to enroll in courses for the next semester. Students must also pay for the first installment of each semester before the semester classes start. Richmindale reserves the right not to enroll students or not to allow students to attend classes due to missed payments based on the terms of payment specified in this agreement.

must receive their official transcripts within this one enrollment period, or they are withdrawn from the program.

Students who are withdrawn from the program for not submitting official transcripts cannot earn credits for the courses that they successfully completed for the semester. They may re-apply for admission when their official transcripts are ready, however, they must go through the same admission application process, including the payment of fees.

Students who are withdrawn for not submitting their official transcripts within one enrollment period may be entitled to a refund based on the **Table of Charges and Refunds**. Richmindale College retains the fees described in the **Non-Refundable Fees After Commencement of Classes**. Richmindale College provides the refund amount no later than 30 calendar days from the cancellation or withdrawal date.

#### 4. Cancellation For Failure to Complete a Program Within the Tuition Period Covered

The tuition period covered by this Enrollment Agreement between Richmindale College and the student is 3 years. Students are withdrawn if they fail, or are about to fail, to complete the required courses of a program within the specified tuition period covered by the enrollment agreement. The cancellation or withdrawal date is the first day of the semester classes when they are identified that they will fail or have failed to complete their program within the tuition period coverage. Students are not allowed to enroll in any semester when they have been identified to fail in completing their program tuition period coverage. There is no applicable refund for this cancellation or withdrawal. Students may re-apply for admission by going through the same admission application process, including the payment fees.

#### 5. Non-Refundable Fees After Commencement of Classes

When a student cancels or withdraws enrollment after the commencement of classes, Richmindale College retains the application fee and a one-time registration fee of no more than 20 percent of the tuition (not to exceed \$200), and an application/transfer credit evaluation fee of up to \$75, if applicable.

Richmindale College does not provide refunds for items that are purchased by students from third-party vendors, such as textbooks, software licenses and subscriptions, and library service fees.

Note that all cancellation or withdrawal refunds after the commencement of classes apply only to the current semester. Any payments made for the attempted courses in the previous semesters are not refundable.

#### 6. Table of Charges and Refunds

When a student cancels after completing at least one lesson assignment but less than 50 percent of the graded assignments, Richmindale College may retain the credit transfer evaluation fee (if applicable) and/or admission fee of no more than 20 percent of the tuition (not to exceed \$200) and library service fees, plus a percentage of tuition paid by the student in accordance with the following schedule:

For students enrolled in two or more courses that award semester credit hours, Richmindale College treats each course separately for the purposes of calculating the appropriate amount of tuition refund owed to the student.

### (e) Student Entitlement to Receive All Materials Paid

Upon cancellation, a student whose costs of education are paid in full, but who is not eligible for a refund, is entitled to receive all materials, including kits and equipment.

### (f) Refunds of Books, Supplies and Other Third-Party Items

Books, materials, software licenses and subscriptions, and other supplies required for course completion that are not provided by Richmindale College are not under its responsibility. Students are responsible for buying these items separately from third-party vendors. Richmindale College may help students acquire these items, but it is not responsible for and does not provide refunds related to these items. Refunds and related fees of these items are subject to the outside third-party vendor policies and terms with the student.

### (g) Refund Examples

Richmond applied for admission and transfer of credits to a degree program at Richmindale College, and paid \$100 for the admission/registration fee and another \$75 for the transfer of credit evaluation fee.

On July 1, Richmond and Richmindale College signed an enrollment agreement. On the same day, Richmond enrolled in three 3-credit classes, a total of 9 credits, for a semester with classes that start on September 1. The semester tuition is \$1260, calculated as \$140 multiplied by 9 credits. The semester miscellaneous fee is \$90, calculated as \$10 multiplied by 9 credits. The total cost for the semester is \$1350, excluding the admission/registration fee and the transfer of credit evaluation fee. Based on the terms of payment, the total cost

for the semester is divided into 3 payments. Each monthly payment is equal to \$450, calculated as \$1350 divided by 3. Richmond paid the first monthly installment (payment 1 of 3) of \$450. One of the courses requires a software license. Richmond purchased the software license worth \$100<sup>[1]</sup> from a third-party vendor. Richmond paid a total of \$625 as initial payment to Richmindale College for his admission application (\$100), transfer of credit evaluation (\$75), and first installment of his enrolled courses (\$450). Richmond also spent \$100, separately, on the required software license subscription for one year from a third-party vendor.

### **Refund Example 1: Five-Day Cancellation**

Richmond decided to cancel/withdraw and wrote a cancellation notification letter with effective withdrawal date of July 5, signed and dated the letter, and mailed it to a Richmindale College office on July 5. The mail took 7 calendar days to reach Richmindale's office. Richmindale College received the mail on July 12. Since Richmond's withdrawal date is July 5, which is within five calendar days after signing the enrollment agreement, and he sent the mail on or before the withdrawal date, Richmindale College must refund Richmond all monies paid amounting to \$625<sup>[1]</sup> within 30 calendar days (by August 4). The refund amount includes the admission/registration fee, transfer of credit evaluation fee, and first monthly installment; but does not include the one-year software license of \$100 which Richmond bought from a third-party vendor.

If Richmond mailed the notification letter after the effective withdrawal date of July 5, let's say July 7, Richmindale College would have used the mailing date of July 7 as the effective withdrawal date, which does not fall under the Five-Day Cancellation policy anymore. In this case, the Cancellation More Than Five Days, But Prior to the Commencement of Classes refund policy applies.

### **Refund Example 2: Cancellation More than Five Days, But Prior to the Commencement of Classes**

Richmond decided to cancel/withdraw and sent a notification letter to [cancel@richmindale.com](mailto:cancel@richmindale.com) via his official email. The effective cancellation or withdrawal date in the notification letter is July 7, which falls under cancellation of more than five days from signing of enrollment agreement, but prior to the commencement of classes scheduled on September 1, assuming there are no official holidays from July 1.

Based on this refund policy, Richmond is entitled to a refund of all monies paid minus the transfer credit evaluation fee of \$75 and the one-time admission fee of \$100. Richmindale College does not refund the software license that was bought by Richmond from a third-party vendor. Richmindale College must refund Richmond the amount based on the following calculation:

| Description   | Amount        | Notes  |
|---|---------------|--|
| Total initial payment   | \$ 625        | Excluding \$100 <sup>[1]</sup> for software license. |
| LESS: Admission fee   | — 100         |  |
| LESS: Credit transfer fee   | — 75          |  |

### Refund Example 3: Refund After the Commencement of Classes

Richmond enrolled in classes for the semester that started on September 1. After few days of classes, Richmond decided to cancel/withdraw and sent a notification letter to [cancel@richmindale.com](mailto:cancel@richmindale.com) via his official email. The effective cancellation or withdrawal date in the notification letter is September 14, which is week 2 of classes from September 1. Richmond is entitled to a refund based on the following calculation:

|--|-----------------|---|
